

Carmel Nursery School is a non-profit organization funded entirely by tuition payments. Our operating budget is dependent upon prompt and regular tuition payments. Tuition amounts are determined by our expected operating budget for that current school year. Tuition is set at a yearly rate per student, and we offer the convenience of monthly payments. Tuition amounts may change at any time with proper notice to families.

Tuition for 5 days is \$320/month.

Tuition for 3 days is \$250/month.

Tuition for 2 days is \$195/month.

Afternoon Program for 5 days is \$350/month.

Afternoon Program for 3 days is \$270/month

Afternoon Program for 2 days is \$207/month

Classes missed because of inclement weather, sickness, family vacation or change in parent's schedule DO NOT affect tuition payments. Our staff salaries are based on yearly tuition fees rather than the monthly payments. A \$15.00 late fee will be charged for payments not made by the first week of the month or for checks returned by the bank. A student's account must be paid in full by the end of the current school year. Failure to do so will affect their re-registration for the next school year. If there is a problem making tuition payments, please speak to the Director. It is possible to make alternative arrangements subject to the approval of the Board of Directors. If no tuition payments are made for two months, the child may no longer attend classes unless payments become current. In order to keep our tuition affordable, we hold fundraisers throughout the year to help us purchase items we would not ordinarily be able to afford.
