

Joy Miriko was a high school scholarship recipient in the similar scholarship program at Oswego Pres. She received a B+ on the national exam, became one of their first college scholarship recipients, continued at Mombasa University and graduated in 2019 with a degree in Community Health.

She said, "Let me take this

opportunity to thank you and thank God for the service he has taken me. I feel proud, I feel awesome for the favor that God gives us through you people, finances to fund our schooling fees. We thank you. Even beyond the finances, which keep us moving academically, you keep blessing us because we know someone somewhere is trying to benefit you, to pull you up, so that you can benefit society."

A gift of \$ _____

toward a high school or college scholarship has been given in honor of

by

May God's gift of love fill you with peace.

In 2017, Blackhawk Presbytery joined with our Kenya partner Imenti Presbytery in Kenya in creating the Imenti Scholarship Fund. There is government support of schools, but the annual fees to parents are about \$50 for high school and \$125 for college. Many low-income families cannot continue their children's education without these scholarships. Currently sponsored students include orphans and children of single-parent families.

Additional donations are welcome either by check (with an "Imenti Scholarship" notation) or online at www.blackhawkpresbytery.org (click "Donate", then "Imenti Scholarship Fund"). And, of course, this is an excellent alternative gifting opportunity.

Imenti Scholarship Fund

As noted inside, a donation has been made in your honor to the Imenti Scholarship Fund. This fund is a project of the Blackhawk-Imenti Partnership in Kenya. It provides scholarships for students of low-income families in Imenti Presbytery of the Presbyterian Church of East Africa (P.C.E.A.). Due to low family income, these bright students would not be able to continue into high school or college without this help.
